BEDFORD, MASS.

Tel. Lexington 1220W

We have listed only such varieties as can be purchased in quantity.

Specimens of many other varieties can be supplied from our Nursery.

Prices and Descriptive Catalogue upon request.

(Where Your Father Purchased)

#### **LOCATION**

Our office and nursery are located on the Bedford-Concord Road, one mile from Bedford Center and three and one-half miles from Concord. To reach us from Boston, which is 15 miles distant, drive through Arlington, thence through Lexington to Bedford. From Lowell which is 12 miles distant, drive through Billerica to Bedford. Motor Busses from Arlington Heights or Concord, via Bedford, pass the nursery at frequent intervals.

Purchasers should state plainly the mode of conveyance by which stock should be forwarded. Otherwise we exercise our judgment. For delivery by motor truck, a cartage charge will be made in accordance with size of load and distance to be hauled. All prices given, are for the stock at the nursery, and freight or express charges are payable by customer.

#### CONDITIONS OF SALE

Terms are cash, excepting by special agreement.

A Discount of 5% is allowed for cash with order.

We give no warranty, expressed or implied, as to quality, description or productiveness, of any nursery stock that we sell. The only guarantee we make is that our stock is alive at time of shipment and true to name. No complaints will be considered that are not made within ten days after receipt of order. Any stock ordered from this list, found untrue to name, will be cheerfully replaced at the first favorable opportunity for planting, after it has been found not as ordered.

Time for Planting. All hardy trees and plants of any description can be safely transplanted in the Spring as soon as frost leaves the ground, and usually as late as about June 1st. Also during the period beginning September 15th and continuing until the ground becomes frozen. Evergreen trees and shrubs can further be safely handled during August.

We respectfully invite correspondence pertaining to problems of interest to planters.

#### LOCATION

Our office and nursery are located on the Bedford-Concord Road, one mile from Bedford Center and three and one-half miles from Concord. To reach us from Boston, which is 15 miles distant, drive through Arlington, thence through Lexington to Bedford. From Lowell which is 12 miles distant, drive through Billerica to Bedford. Motor Busses from Arlington Heights or Concord, via Bedford, pass the nursery at frequent intervals.

Purchasers should state plainly the mode of conveyance by which stock should be forwarded. Otherwise we exercise our judgment. For delivery by motor truck, a cartage charge will be made in accordance with size of load and distance to be hauled. All prices given, are for the stock at the nursery, and freight or express charges are payable by customer.

#### CONDITIONS OF SALE

Terms are cash, excepting by special agreement.

A Discount of 5% is allowed for cash with order.

We give no warranty, expressed or implied, as to quality, description or productiveness, of any nursery stock that we sell. The only guarantee we make is that our stock is alive at time of shipment and true to name. No complaints will be considered that are not made within ten days after receipt of order. Any stock ordered from this list, found untrue to name, will be cheerfully replaced at the first favorable opportunity for planting, after it has been found not as ordered.

Time for Planting. All hardy trees and plants of any description can be safely transplanted in the Spring as soon as frost leaves the ground, and usually as late as about June 1st. Also during the period beginning September 15th and continuing until the ground becomes frozen. Evergreen trees and shrubs can further be safely handled during August.

We respectfully invite correspondence pertaining to problems of interest to planters.
